## The South African–Thai Chamber of Commerce

### Our History

Diplomatic ties between South Africa and Thailand were established in 1993. Shortly thereafter the then South African Ambassador, HE Roel Goris, together with South Africans living in Thailand, Thais and other friends of South Africa in Bangkok, started a social club. The club, known as Jabulani, is still flourishing.

It became apparent that many business members of Jabulani were keen to promote business links between the two countries. Growing business interest was also confirmed by the economic office of the South African Embassy and the idea of some sort of formal business group was born. With assistance from the South African Embassy, a few functions were held during 1994 to determine how much support would be generated and sustained for the formation of either a Business Association or a Chamber of Commerce. There was indeed great interest, not only from those with South African Connections, but particularly from Thai companies eager to do business with South Africa. In the light of the great interest expressed by the Business community in Thailand, the 18 members of the ad-hoc steering committee, which included the Economic Counsellor at the South African Embassy, decided to set up a Chamber of Commerce instead of a Business Association.

Legal proceedings to establish the Chamber were started in March 1995 and the South African-Thai Chamber of Commerce was registered on 9<sup>th</sup> June 1995. The first Annual General Meeting was held on the 25<sup>th</sup> September 1995. We are now a fully functional and legal Foreign Chamber of Commerce in Thailand and our membership is growing. The first Annual General Meeting was held on the 15<sup>th</sup> October 1996 and marked the beginning of the second year of the Chamber's existence. The Chamber has thrived since then and has had wonderful help from such magnificent ambassadors as Douglas Gibson and Geoff Doidge.

Our Objectives are:

- To promote trade, industry, investment and economic relations between the countries of South Africa and Thailand.
- To assist members of the Chamber of Commerce in the promotion of trade, industry, investment and economic relations between the countries of South Africa and Thailand.
- To provide advice, ideas and suggestions for South African business interests in Thailand, in the fields of trade, industry, investment and in other related matters, and to provide a business forum for members to consult one another.
- To provide advice, ideas and suggestions for Thai business with an interest in doing business in South Africa or with South African companies.
- To compile news, information, and statistics on trade in general, on industrial affairs, and on pertinent legal and financial matters, this for distribution to the members.
- To perform activities prescribed by law as the duties of the Chamber or as assigned by the Government.
